

SSE 90 INC Expectations

1. All players must adhere to the team dress code while attending games and practices.
2. Game uniforms may not be worn to practice.
3. All players must arrive 30 minutes before games and 15 minutes before practices.
4. Following all games all players will return to the team bench with the coaching staff for cool down and post game discussion. **Only Players and coaching staff will participate in this.**
5. All players must submit a complete player medical form to the manager. This is for the safety of your child; if there are any medical conditions that our coaching staff should know about, please bring them to our attention.
6. All children that require a puffer, epi-pen or anything else that is a required medication, MUST bring one for the first aid kit. If your child does not have their medication in the first aid kit for a game, they WILL NOT PLAY. This is for their safety.
7. All practices and games are mandatory. In the event a player is sick or injured the coach may ask the player to dress fully and sit on the bench. If a child has missed school due to an illness, they will not be required to attend a game or practice. **Valerio Rocca must be notified in advance if a player will not be able to attend a practice or a game via email or text.**
8. Players must have ALL uniforms clean and available at each game and practice.
9. Please do not come over to the bench and talk to your child during a soccer game. We want them to concentrate on what they have been asked to do by the coaching staff, and this may be different than what you are telling them to do. Each player has a specific job that they have been asked to do by the coach. Please refrain from coaching from the sidelines.
10. Parents occasionally feel they need to vent their frustration by yelling to annoy the referee, which may turn into bad calls against their team. We must also try to remember the kinds of example we are setting for our children. The best thing to do is encourage our players at all times to cheer them on. Remember, we represent the SSE 90 INC academy wherever we go.
11. No player is allowed to leave the field during practice or game without permission from the coaching staff.
12. There is no swearing, fighting, yelling at the referee or teammates during games. Same rules apply for practice.
13. If a player is injured, they should inform the coaching staff immediately so proper attention is given to the problem. Remind your children that if they do not tell the coaches, they may be injured further. Please remember that our coaching staff is trained to deal with injuries, please do not come onto the field during games or practices. If the coaching staff feels that your child is injured badly, they will advise you immediately.
14. If you have a problem, concern or question, please bring it to the coaching staff. Please allow a 24-hour cooling period and call us the next day. This allows the emotions of the game to settle down. Please remember, we, the coaching staff also get emotionally involved in the game.
